1

The corpses in Alfred Hitchcock's "Documentary on the Nazi Holocaust" wore "NO German striped prisoner uniform in the zebra pattern, but mostly remnants of the grey soldier uniform of the Wehrmacht" (hist-chron.com).

The "Jewish" corpses were German soldiers murdered in the Rheinwiesen camps.

THIS is Hollywood.

The shocking introduction of a diametrically different new "reality" consisting of lies and cruelty re-programs the dreaming collective unconscious - anew. The alchemical reordering of the world is an "Inside Job". In our brains. (Michael Hoffman: Secret Societies and Psychological Warfare)

Saturn magic.

2

Observe!

Sun, Moon and Saturns, for example.

With "**impartiality** and **healthy senses**, **attention in observing** and **fidelity in recording the image**" (Hahnemann: Organon, § 83).

Without theory in the brain.

-

Illustration following page: Menorah in the "Temple of Solomon" (see point 19)

Source: Seven-armed candlestick = Siebenarmiger Leuchter (Braunschweig) (wikipedia (German))

3

The biggest part of perception is - misperception.

Images from Kubrick's "Monolith."

Hoax.

The more left, the more false.

The leftist lives in ideological bubbles, derivatives, futures, options,, deceptive webs, (Vatican) illusions, hallucinations, delusions.

Maya. Humanly unsolvable.

4

The left reproduces itself by means of UNEXPECTED double (or multiple) strokes.

Circumcision, Abuse, School Medicine, MKultra, Tavistock, Moral Bombing.

The devil knows the "iron rule of cancer" (Ryke Geerd Hamer).

5

Fear of "cancer," "disease," "virus," "infection," even: the "atom bomb"?

It's all lies!

Science fiction.

6

And that is why the devil fights the "Germanische Heilkunde" - except for the blood.

Their acknowledgement would mean the immediate end of Rome. The blood sacrifices would be over.

Sados and Masochos, Satan and Moloch's altars would become again what they once were: sometimes, in extremely rare cases, useful operating tables.

7

If an anti-thesis is allowed - like homeopathy - then it is used as justification for the thesis - alloeopathy. Mandatory.

Homeopaths do NOT question the devil's basic claims. The "cancer" is just "fought" a little more "gently".

8

The fake money produced out of nothing by a certain francist sect with illusory cabalistic magic is

not so bad, let's consider it as a - homeopathic medicine. "Poverty" (Leon Bloy: Salvation through the Jews) cures poverty!

9

The "alternative media" are - as an anti-thesis - more diabolical than their big brother. At least he hides the evil, they plant it directly in the brain.

The "channeled" or dream-fabricated images are the interior views of a syphilitic brain.

10

"Wake up"?

The devil takes the biting off of the fruit of knowledge offered by himself as an occasion to punish us precisely for this. The "Third World War."

The Fall of Man narrative merely serves as a blueprint for what is planned. We are to be to blame for our expulsion.

The "God" of the Torah is the devil.

A - Leftist.

11

It was a Jesuit cleric who wrote "Mein Kampf". (Walter Veith)

The "battle" itself was - first from a political, then from a military point of view - a sequence of absurdities. Dunkirk, for example. (Eggert: Geheimvatikan, Bd. III)

A fallen Engl-ish agent as "Führer" of the Germans! THE coup of the devil!

When I realized that Hitler was financed by the same - blood-red - bankers as Lenin, Trotzki & Co., I understood that "Barbarossa" was neither an attack nor a pre-emptive strike, but ONE "show".

NaZi and ZioN, Antifa and SA, MKultra and MultiKulti, capitalism and socialism, SU and US, Central Bank and Central Committee ARE - THE SAME.

12

The "last Avatar" (Miguel Serrano) - Ha! - was - as the fulfiller of supposed biblical prophecies: as the destroyer of Germany, as the founder of Israel - **THE Messiah of the "Illuminati"**.

A - LEFTIST.

13

The FRG, afterbirth of the Third Reich. Nazis yelling "Nazis out!"

An Orwellian absurdism.

With a cult around a six million total sacrifice to the devil himself as "state" religion.

Vatican ideal for the whole world.

Organized as a "modality of foreign domination". And as a member of the enemy organisation UN enemy of the German people. From the beginning. Today, rotten to the core.

End-stage syphilis.

14

In the delusion of being evil, of being THE evil, God's "holy people" (see below), "THE ONLY RESPECTIVE PEOPLE IN EUROPE" (George Patton, metapedia.org) destroys itself.

With - and this is "good" - German thoroughness. If the host falls, Rome falls!

But betrayal of one's own people is like "blasphemy of the Spirit" (Matthew 12:31-32) - it "shall not be forgiven".

15

IN the rabbit hole.

"In 1832, Goethe already recognized that there must be lines of tradition from the composition of the Alexander picture to that of Raphael's Battle of Constantine. (...)

"Battle of Alexander", "discovered on 24 October **1831** during the excavations of Pompeii in the Casa del Fauno (House of the Faun)" (Wikipedia (German))

"The Battle of the Milvian Bridge", "Stamping of Raphael", "Because parts of the stucco began to peel off the walls, a major restoration was undertaken in **1754**..." (Wikipedia (German))

"The comparisons between Pompeian and Renaissance or even early Baroque art are well known in art history. But no one has yet wanted to address the astonishing similarities. The absurd conventional chronology seems **like a prohibition to think**. It seems clear at first glance that the city burnt and buried by the volcano must have flourished sometime in the early 18th century. The date "79 AD" is **absurd**."

Christoph Pfister: Die Matrix der alten Geschichte, p. 121 / 122 (dillum.ch)

16

"The humanistic discovery legends of ancient manuscripts have stereotypical features: an enlightened, secular or spiritual humanist enters a monastery where only stupid monks live who have no idea what treasures are lying around in their libraries. The foreign scholar takes or steals the manuscripts from the monastery library and usually publishes them immediately as printed works. The discovered original disappears without trace after printing. But in time before disappearing, copies are made." Pfister, p. 230

Ha ha!

"Most of the "ancient" texts were written in the "18th" century in Central Europe ("GERMANY") - as we say today: "faked" ("Great Action"), of course also those of the Bible. (Pfister, p. 225 ff)

In particular the chronology itself was invented in the "18th" century. (Pfister, p. 52 ff)

The "antiquity" itself is only about 400 to 300 years ago.

17

The entire "history" is based on a numerologically structured MATRIX invented by "humanists" of the "18th" century at their desk. For example, the chronological sequence of the kings of Judah (Rehoboam to Zedekiah) is **identical** (!) with that of the kings of the "Holy Roman Empire of German Nations" (Henry I to Albrecht I). (Pfister, p. 461)

18

The original text of the Bible IS a printed edition in GERMAN language, produced around 1740.

19

If the Bible was printed in German 280 years ago in Germany, then it can be assumed that its stories also **took place in Germany**.

The Brunswick Cathedral - Temple of Solomon! (Savier: Eins der größten Geheimnisse der Welt, youtube)

Thus, for example, the Windsors (of Guelphic origin) are Davids, descendants of King David = King Henry. One Henry around "1700"! (The Jewish world conspiracy is real, only different from what the followers of the Jewish "Führer" think).

From a historic-chronologic-critical point of view Judah is a German tribe. The Germans (among others Europeans) are - Israelites. Not "lost", but - through "new speech" - forgotten.

20

"**Denazification never stopped.** We have only lost the aching awareness because of their mundaneness, and above all: we have now taken matters into our own hands. We are more fanatical about our own destruction today than many of our former enemies. Denazification is being pursued more and more furiously, but our guilt is not diminishing, nor will it be worn away at some point; - it is increasing. Thus, world politics today is based entirely on the dominating principle of increasing debt: psycho-moral as well as financial. **We live under the control of Auschwitz and the credit card. We live in a consuming system of apology - but without indulgence. Consuming means "it eats us up".** E.P. Koch: Der Verlust der Väterlichkeit (youtube) or (shortened) http://www.volkinbewegung.de/archiv/2013-03/vib-2013-03-01.pdf

The "quarter Jew" Schmidt, the crypto Jew Henoch Kohn, the Schächter son "Joschka", and Angela, Adolf's granddaughter instead of the murder quartet Hooton, Kaufman, Morgenthau, Nizer.

21

"Judah was completely stripped of its spirituality, lineage, history, identity and **destiny**." YHWH Deutschland: Der Stamm Juda (youtube)

YHVH Deutschland assigns (the (remaining) strains) as follows

Ruben = Dutchman
Simeon = Spanish

Levi = the priests (ha Levi = Helvetii, Swiss! the author)
Juda = Germans, Russians & Irish, Scots
Dan = Danish
Naphthali = Norwegian
Gad = Italian
Asher = Sweden
Issachar = Finns
Zebulon = French
Josef = Efraim & Manasse = English & American
Benjamin = Icelander

22

In order to reconstruct our history, therefore, we must "only" "dock" our (biblically described) roots to the history "known" to us (since 1740). (Perhaps the beginning of the historical period is some decades earlier, but certainly NOT 2000 or 3000 years ago!)

The Ascanians, a German "Uradelsgeschlecht", trace back (among others) to Ashkenaz, a great-grandson of Noah. The Wikipedians may smile about it, but that's exactly what it is.

The Bible is not a book of religion, it is the - according to Jacob Lorber: more than half fake - chronicle of the Adam family, the WHITE (family). At least: that of the "white" nobility.

23

The mortar construction method, let's call it: "Roman culture", has been plausible since about "1650". But the "antiquity" was only externally antique. Technical progress raced. Especially the development of deep-sea shipping. - Where did the capital come from?

From about "1710/20": In France - where else?! - a "Roman" central state was created. (Unsuccessful) expansion of the Israelite (European) princes to the east ("crusades").

After all, they left some nice temples in "Greece" ...

ROMANIC.

1740-1760 GOTHIC. "Christianization" of the "kingdom of priests" and "holy nation" Juda-Germany (Ex 19, 6) = de-nationalization or "**de-nazification**".

Division into sects. And opening of the sects for non-Israelites (non-whites) = the beginning of MultiCulti.

And - relocation of the papal seat from Babylon = Avignon to the Disney country "Rome" created for this purpose, as well as: Relocation of the "Holy Land" to the Near East.

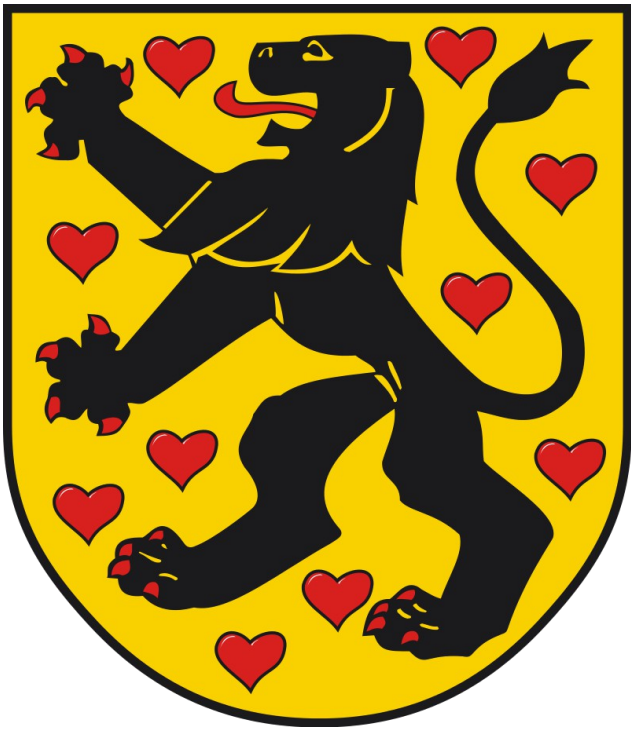
Successful expansion to the West (America).

1760-1789 BAROQUE. The theatre seems perfect ...

24

If Jesus' sister comes from Magdala (Thuringia), HE - the MERCY God - might have been born not

far from there ... How about Orlamünde, the "Thuringian Bethlehem"?



Source: wikipedia; Lion = Judah, invincible in FIGHT, see World Wars!

Whoever has ever felt a German Christmas song in his heart, knows anyway that HE was not born in the Arabian desert - no, but only HERE. In the Holy Land.

In "Silent Night". ("There's EVERYTHING in it!" Bruno Gröning)

Every spirit incarnates in the people most similar to Him. (The question of race is not a minor arabesque!) And that is why the devil "**must**" wage war against us - Germans.

25

They chased and hunted Him down - what a mockery! - "Jesuitical". By extreme intrigue, extreme cruelty and perversion.

But HE - forgave!

They wrote doctoral theses about Him.

And wept crocodile tears, under their company logo, the crucified one.

"Chutzpah" would be an euphemism.

Evil is "sold" as something good.

Everywhere.

26

If the earth in mid-latitudes rotates eastwards at about 800 km/h (at the equator at 1600 km/h), an aircraft flying eastwards at 800 km/h should not move a millimetre towards its destination. Travelling towards the west, on the other hand, would be quite simple: You would only have to get into a balloon "and wait for the destination to come towards you!" (Eric Dubay: 200 Proofs Earth is not a Spinning Ball, point 21, atlanteanconspiracy.com)

It's not like that.

The earth rests motionless.

The claim that we live on a spinning ball whose curvature should be 0.**666** feet per mile, whose inclination should be 23.4 or **66.6** degrees and whose speed should be **66.6**oo mph is - absurd.

27

The all-round twisters turned Mother Earth into a skull and bones, a cannonball racing through the explosion debris of a "big bang" at monkeylike speed.

With creatures sitting on it who seriously believe this madness.

Who seriously believe they're of ape stock.

Who do not believe themselves to be divine at all.

Capable of anything evil.

Evil. In essence. The "I" itself shall be evil. And if not (the) I, then at least my ancestors. Nazis.

That's how psychotic freaks talk. Darwin, Marx, Freud, Einstein, the Frankfurt School, the "Central Committee" of the "Jews".

28

WE ARE DIVINE.

No matter how much we are possessed by evil. It's not one of us.

29

The devil is - God's secret, "unfathomable" (Ramana).

30

Let us not call what is to come "Third World War", but - show ... down.

I write "for after that".

When the evil has gone back to its hells.

When here on earth - spontaneously, out of itself - justice reigns again.

That which is agreed. (Nicolás Gómez Dávila: De jure)

Barbados, February "2020"
